Hey

Dunn says any agent of your choosing can have a box of books. They'll be shipped to arrive the day that bookstores get them. He said I can arrange it through Karyn

I mentioned the possible mix-up with the Stephanopoulos thing. He said the following

First, ask the ABC guys to research whether Edwards was with Stephanouplos or anyone else at ABC around that time taping something that either didn't air, or aired later

Second, if we made a mistake just say it's a mistake

All memoirs have errors. It's okay to say that you were mistaken about exactly where Edwards was when you called him about Rielle. (Hell, you could even say that JRE told you he was taping at ABC.) What you aren't mistaken about is that the conversations occurred and their content that's the important thing
